## Item 8.01. Other Events.

As previously disclosed in the definitive proxy statement filed by Battery Future Acquisition Corp. (the “Company”) with the U.S. Securities and Exchange Commission (the “SEC”) on October 24, 2023 (the “Proxy Statement”), the Company expects to hold an extraordinary general meeting of shareholders (the “Meeting”) to approve, among other proposals, an amendment to the Company’s amended and restated memorandum and articles of association to extend the date by which the Company must consummate an initial business combination to June 17, 2024 (the “Extension” and together with all other proposals brought at the Meeting, the “Proposals”) and remove the requirement to deposit additional funds into the Company’s trust account to effect such Extension. As described in further detail in the Proxy Statement, in connection with the Meeting, holders of the Company’s Class A ordinary shares, par value \$0.0001 per share (the “Class A Ordinary Shares”), received a right to redeem such shares for a pro rata portion of the funds in the Company’s trust account. The deadline to submit such redemption requests was 4:30 p.m. Eastern time on November 10, 2023.

Additionally, as previously disclosed in the Current Reports on Form 8-K filed by the Company with the SEC on October 24, 2023, October 31, 2023 and November 6, 2023, the Company and Battery Future Sponsor LLC (the “Sponsor”) entered into non-redemption agreements (collectively, the “Non-Redemption Agreements”) with unaffiliated third parties (collectively, the “Investors”), pursuant to which the Investors agreed (i) to not redeem an aggregate of 5,000,500 Class A Ordinary Shares of the Company sold in its initial public offering (the “Non-Redeemed Shares”) in connection with the Meeting and (ii) to vote in favor of the Proposals at the Meeting (other than with respect to certain shares acquired or to be acquired pursuant to the Non-Redemption Agreements). In exchange for the foregoing commitments, the Sponsor has agreed to transfer to the Investors up to an aggregate of 1,000,100 Class B ordinary shares of the Company (“Founder Shares”) held by the Sponsor contemporaneously with the closing of the Company’s initial business combination, provided that the Investors do not exercise their redemption rights with respect to the Non-Redeemed Shares in connection with the Meeting and the Proposals are approved.

The Non-Redemption Agreements are expected to increase the likelihood that the Proposals are approved by the Company’s shareholders and to increase the amount of funds that remain in the Company’s trust account following the Meeting, relative to the amount of funds remaining in the trust account had the Non-Redemption Agreements not been entered into.

As of the date of this Current Report on Form 8-K, the third parties under the Non-Redemption Agreements have purchased 1,114,500 Class A Ordinary Shares in the open market and/or through negotiated private transactions at purchase prices that did not exceed the estimated redemption price described below.

In connection with the Meeting, the holders of 6,266,326 Class A Ordinary Shares properly exercised their right to redeem their shares (and did not withdraw their redemption) for cash at a redemption price of approximately \$10.85 per Class A Ordinary Share, for an aggregate redemption amount of approximately \$68 million.

The Company assumes no obligation and does not intend to update or revise these forward-looking statements, whether as a result of new information, future events or otherwise.
